

We are planning to introduce the parking bay signs and markings during May/June 2013. Our contractor will put out cones and signs as necessary in advance of their work to help clear parked vehicles. The scheme will come into effect in June/July this year when the legal order has been made and residents have been able to acquire permits.

Guildford Borough Council (GBC) provide on street parking services in Waverley on behalf of the County Council. GBC parking team will write to you again during June to tell you how to apply for permits. In order to purchase a permit you will need to be able to show proof that your vehicle is registered at your property (if you are a company car driver a letter from your employer/vehicle supplier to this effect is needed and suitable proof of residence). Following your application, GBC will check and process your application and issue permits following the criteria set out above. Enforcement will start once the order has been made.

Further information is available on SCC's website:
