Roadworks during COVID-19 restrictions

The government and Department for Transport have asked the Highway Sector Council to make every effort to deliver essential highways projects on all local authority highway networks, whilst abiding by the COVID-19 safe working practices. We are therefore carrying out these works in line with central government and COVID-19 safe working practises in accordance with the CLC Site Operating Procedures, endorsed by Public Health England.

Our sub-contractor will have appropriate procedures in place to ensure their staff can comply with government advice. We would ask that you please respect these workers as they deliver these highways services.
